Thank you for checking,

Witset had begun to engage the proponent and wishes to be a participating Nation

You don't often get email from eao.bergcopper@gov.bc.ca. [Learn why this is important](#)

Hi Brad,

I'm not sure if you'll remember me or not, but we had some correspondence and meetings on the Tenas project when I worked on it several years ago. I'm just reaching out today as the project lead for the environmental assessment for the Berg Copper Project (please see attached letter addressed to Chief Cutler). I know that Witset is a participating Indigenous nation for the Tenas project, so I wanted to make sure Witset, and you particularly, were aware of the Berg Copper project and regulatory process, as it may also be of interest to Witset. I would be very happy to connect with you about opportunities for Witset to engage on this environmental assessment. Please let me know if you'd like me to set up a call to discuss further.

Kind regards,
Chelsea

Chelsea Garside

Subject: Correspondence from the EAO and IAAC regarding the Berg Copper Project

Good afternoon,

Please find attached correspondence from the Environmental Assessment Office (EAO) and Impact Assessment Agency of Canada (IAAC) regarding the Berg Copper Project, sent on behalf of EAO Project Assessment Director Chelsea Garside and IAAC Senior Policy Analyst Tanishka Gupta.

Thank you,

Janna
